STAR ROSES
The Best Roses For America

★LAVENDER GIRL

THE LAVENDER ROSE THAT WILL NOT FADE!

★LAVENDER GIRL. (Meilland.) P.R.R. Here is the novelty Floribunda of the Century! A real honest-to-goodness lavender Rose that has the unique ability to hold its wonderful hue *even in the strong heat of summer!* There's nothing like it anywhere!

Lavender Girl in the bud is a variable ruby-red, changing in the newly open bloom to a most interesting rosy purple which shows on the inside of the petals with lovely magenta on the outer surfaces. The full bloom also distinguishes this unique Rose. It is then that it fulfills its lovely promise . . . achieving a "dream world" lavender *all* its own and keeping it throughout its life.

The plant is low and bushy, growing to 2 feet. Compact and substantial in appearance, and with blooms up to 3½ inches across, it is a natural for the front row. Bud and flower form are excellent, the newly open bud being cup or urn-shaped, becoming full and almost flat, in a magnificent display. The stems are long enough for cutting. Lavender Girl reblooms well throughout the season, each lovely flower having from 35 to 42 heavy-textured petals. All this and subtle fragrance, too.

Not everyone who wants this amazing new Rose can have it this year. The supply is limited and will be sold on a "first come-first served" basis. $5 ea.; 3, $4.25 ea.

THE FABULOUS White Knight

Our Cover Rose

The Only White Hybrid Tea Rose Ever to Win the All-America Award!

SUPERB! In that one word is summed up the all-inclusive quality of the greatest NEW Hybrid Tea Rose in the world today . . . the All-America Rose Selections Winner for 1958. Here, at last, is what people everywhere have been hoping for—the ideal, white Rose, the white Rose without fault.

★**WHITE KNIGHT.** (Meilland.) Plant Pat. 1359. Here is a magnificent, pure satiny white Rose, 5 inches across, that does not fade or "ball" in bad weather. Flowers come freely and continuously, and each is a splendid, gracefully out-curling beauty with from 28 to 35 substantial, regularly arranged petals. What a knockout! The buds are perfectly pointed, elegant and aristocratic in form.

The plant, too is exceptional. Free-growing, bushy, upright, and much-branched, it grows to 3 feet and more. Its leaves are a fine lively green, affording a delicious contrast with the utter purity of the white flowers. The stems are long and strong, and the blooms have wonderful lasting ability—a combination which makes White Knight a perfect cutting Rose. Excellent resistance to diseases and to frost are also characteristics which make White Knight outstanding. Here is a real champion, a STAR ROSE destined for a great future. **$3 ea.; 3 or more, $2.65 ea.**

★LADY ELGIN

THE "GLAMOR ROSE" OF '57

Lady Elgin

★**LADY ELGIN.** H.T. (Meilland.) Plant Pat. 1469. This wonderfully brilliant and colorful sensation took the country by storm last spring, and thousands of people were disappointed because we sold out so early. If you were one of them, here's a second chance to own a lovely Lady Elgin . . . rich and elegant ornament of "jeweler's gold." This fall we have enough to go 'round. The huge, handsome buds and blooms retain their rich color throughout the life of the flower. Imagine such color in your garden and in your house, for Lady Elgin is a splendid thing on its long, husky stems. The plant is tall, upright, vigorous; the 35 to 48 petals are large and firm; the foliage is richly colorful; and finally, there is a pleasing fragrance to grace this charmer. Don't miss Lady Elgin this time. **$2.50 ea.; 3 or more, $2.20 ea.**

CHRYSLER IMPERIAL

★**CHRYSLER IMPERIAL.** H.T. (Lammerts.) Plant Pat. 1167. Here is one of the most popular red Roses ever . . . the brilliant All-America Award Winner with a long list of virtues ranging from extraordinary beauty to memorable fragrance. The big blooms of 40 to 50 petals are long lasting and grow one to a strong stem. The plant is vigorous, sturdy, disease-resistant. Who can fail to be attracted by the richness of its color and the substantial quality of bud and bloom? Excellence of form, too, is outstanding. A garden without Chrysler Imperial is less beautiful than it could be. **$2.50 ea.; 3 or more, $2.20 ea.**

The Delicately Lovely CONFIDENCE

★**CONFIDENCE.** H.T. (Meilland.) Plant Pat. 1192. Giant blooms of peach and pink, delicately blended, and very large petals distinguish this pastel beauty, which, since its introduction as a STAR ROSE a few years ago, has earned a prominent spot in America's gardens. This kind of loveliness will never lose favor. In France, Confidence won both the famed Bagatelle and "Most Beautiful Rose of France" awards—a recommendation it upholds in this country through admirable performance as well as sheer beauty of color. The generous blooms are notably fragrant, each 6-inch flower adding its perfume to the summer air and making the spot you give it pleasant, indeed! Confidence is a fine Rose in other respects, too . . . in form of bud and flower; in the broad, upright shapeliness of the plant; in the good foliage, with its handsome green color. However Confidence is judged, it rates high and in the sum total offers a fine combination of worthwhile qualities. One of the most successful seedlings of Peace (see below), from the hand of that master creator of fine Roses, Francis Meilland, Confidence is a Rose which deserves all the praise it has received, and more. It is bound to become one of your special favorites—once you really know it. **$2.25 ea.; 3 or more, $2 ea.**

The Superb PEACE THE WORLD'S MOST FAMOUS ROSE

It's safe and easy to order by mail from Star Roses.

★**PEACE.** H.T. (Meilland.) Plant Pat. 591. The almost legendary, and certainly romantic, history of this great Rose is equalled by none—anywhere! Millions of Peace Roses are in American gardens today, but not all of their owners know, for instance, that the budwood from which those millions originated was actually "smuggled" out of France from under the very noses of the invading Germans . . . a package weighing only one pound secreted in the diplomatic pouch of the American Consul at Lyon, France! For the next three years, the originator of the Rose himself knew nothing of what had happened to that package of budwood. But here at Star Roses, during that time, the Rose was being grown for American gardeners. It made its debut in 1945 . . . the most celebrated Rose, and the most worthy of celebration, we have ever had. If you already have one, then you will want more.

Peace is really fabulous! Exceptionally large and vigorous, the plant produces gorgeous golden flowers with the most delicate pink edging on the huge petals. This perfect delight in color and form is borne on long, heavy canes. The leaves are rich and leathery, the entire plant giving the happiest impression. You deserve to know this Rose firsthand. **$2.50 ea.; 3 or more, $2.20 ea.**

★LOWELL THOMAS

★LOWELL THOMAS. H.T. (Mallerin.) Plant Pat. 595. The deepest, richest yellow in the world of Roses . . . that's the wonderful Lowell Thomas. This All-America Award Winner of a few years ago is the same delightful champion today. It holds its glowing color throughout the life of the bloom. The center of this 4-inch beauty is high-cupped, and in bud and blossom the form is lovely. Softly curling petals of good substance provide a richness which can almost be felt. The completely cheerful air of the flower, set off in startling fashion by deep green foliage, is a sight to see. Lowell Thomas' plant is a vigorous grower, reaching sturdily upright with strong, erect stems to hold those glowing yellow flowers proudly. This fine yellow Rose is a splendid choice in itself but should be considered along with the brilliance of the red and the pure beauty of the white varieties pictured here. All three can be purchased at a saving. Lowell Thomas alone is a good buy, too. **$2.25 ea.; 3 or more, $2 ea.**

★PRESIDENT EISENHOWER. H.T. (Hill.) Plant Pat. 1217. Doesn't this bright, clear red make a magnificent showing here? Then imagine how much more so it would be "in person" in your garden! President Eisenhower is the new "American Beauty" Rose by virtue of its tremendous appeal to gardeners everywhere. Such a wonderful red . . . true and exciting! And such fine, shapely, big buds and blossoms! Substantially formed with from 35 to 40 large petals, President Eisenhower blooms are presented in a continuous array of soul-stirring beauty. The heavy-caned plant matches the solid quality of the flowers, growing eagerly and clothing itself with beautiful, dark green foliage which makes the red blooms seem redder still. There is a ruggedness, too, to the plant which resists diseases and makes this Rose even more desirable. It grows low to medium height—ideal for the front row. With so many good points, it seems hard to believe that this popular red Rose is also as fragrant as blossom-time. See for yourself on a summer morning! To be sure of that pleasure, plant one or more President Eisenhower Roses this fall. **$2.25 ea.; 3 or more, $2 ea.**

★BLANCHE MALLERIN. H.T. (Mallerin.) Plant Pat. 594. For many years, this good white Rose has stood head and shoulders above other whites, its praises sung by many a gardener who enjoyed having such an excellent foil for his other Roses. Blanche is a bit of sheer beauty. Making it more enchanting still is sweet fragrance, a rare thing in white Roses. The buds are long and come singly, opening to beautifully modeled blooms whose petals have a live, satiny sheen that is most appealing. There are from 35 to 40 of them to a flower, and many a flower to the bush, for Blanche Mallerin is a good, vigorous, free-blooming plant which grows upright to medium height. You can see how perfectly Blanche would serve with President Eisenhower and Lowell Thomas, for example, to provide just the right contrast for a truly lovely color collection. In the same way, this Rose would make your present Roses stand out. **$2.25 ea.; 3 or more, $2 ea.**

★GOOD NEWS

STAR ROSE BEAUTY COMES IN EVERY IMAGINABLE COLOR!

★GOOD NEWS. H.T. (Meilland.) Plant Pat. 426. Deep, coppery pink buds open to entrancing, big, 60-petaled blooms of the most delicate peach tones. Erect stems carry these lovely, fragrant flowers in clusters all summer long. The plant is healthy and vigorous, topping off the qualities of a fine Star Rose that's worth having. **$2 ea.; 3 or more, $1.75 ea.**

★MIRANDY. H.T. (Lammerts.) Plant Pat. 632. Magnificent crimson to deep wine-colored beauty noted for size and lovely form, Mirandy has the kind of appeal that touches everyone. This All-America Winner is fragrant, too, with old-fashioned perfume. Its 50 great petals give Mirandy solid substance and add to the list of attributes which make this good Rose practically irresistible. Here is a year-after-year favorite which, if you do not already know it, will become yours, too, if given the chance. **$2.25 ea.; 3 or more, $2 ea.**

★DR. DEBAT

★SUTTER'S GOLD. H.T. (Swim.) Plant Pat. 885. Another All-America Winner with plenty to commend it from the long, sleek bud to the bright, glossy foliage. Each bloom (and there are many) is a golden beauty touched with flushes of copper, pink or vermilion. Growing on straight stems with few thorns, they make fine cutting blossoms. Tall, well-proportioned bush. A vigorous grower. **$2.25 ea.; 3 or more, $2 ea.**

★DR. DEBAT. H.T. (Meilland.) Plant Pat. 961. This king-size Rose in beautiful, clear pink has 5 to 6-inch blossoms with tremendous petals. The plant bears these wonderful blooms abundantly. A tall, vigorous grower, Dr. Debat is sheer delight from the moment when the smooth, pink buds with a touch of salmon at the base begin to open until the petals drop. The fully open bloom, as you can see, is surely perfection in pink, a classic kind of Rose beauty that's as fetching as can be. For purity of tone, size and form, it's hard to equal. **$2.25 ea.; 3 or more, $2 ea.**

Plant a bush or two. **$2.25 ea.; 3 or more, $2 ea.**

★SYMPHONIE. H.T. (Meilland.) Plant Pat. 958. Huge blooms of deep pink come in quantity on strong stems all season long. The plant, too, is generous. Blossoms are well formed and have a special kind of fragrance which is remembered. To find so many good qualities in one plant is exceptional. Doubtless that's why Symphonie won a Gold Medal in England and awards in France and in America. There is a rich brightness about this Rose which makes it universally popular. You're sure to like it. **$2 ea.; 3 or more, $1.75 ea.**

"I've just come from a walk through our Rose fields . . ."

WEST GROVE
PENNSYLVANIA

•

Fall, 1957

Dear Friend:

I've just come from a walk through our rose fields so that I could give you a first-hand report on our new crop of Star Roses. As usual, I return marveling at the bounty of Nature, and at something else, too . . . the Faith men live by. Here at West Grove we plant our roses in complete confidence that the sun will shine and the rain will fall, each in turn and in sufficient measure to produce for you roses that represent the kind of quality we strive for. We do so (and have been doing so for 61 years now) always depending on our favorable brand of weather, and on good cultural methods, and yet when our Faith has been justified and the new crop of Star Roses nears the harvest time, there is always in us the awareness of miracles performed.

It occurs to me now that much the same feeling must be yours when with confidence you drop your letter to us in the mail-box. If you stop to think of it, your three-cent stamp is backed up by your own Faith . . . a million dollars' worth! The wonderful workings of the U. S. mail system bring in your order and deliver our roses to you in miraculous fashion—quickly and efficiently—and justifying time and again your belief in mail-order buying.

I think it's interesting to note that we, here at Star Roses, may very well have supplied rose plants by mail-order to your father and grandfather—a fact which speaks well today for the mutual confidence you, as the buyer, and we, as the seller, have in each other. Time and performance are what build reputations; and we can say, with perhaps more pride than we should admit, that our relations with Star Rose customers of several generations have been based on fair dealing and respect for the rightness of things.

Our Star Rose crop this year is a good one. I vouch for it. The plants are sturdy and full of life. We send only Grade 1 roses, you know . . . never "seconds"; and these this fall are the kind about which we can say, "Never better!" Buy them with confidence. They will give you something more than mere satisfaction.

I'd like to have you stop by if you're anywhere near us this fall. Our rose fields and gardens are pleasant to visit in September and early October.

With my best wishes for your garden pleasure with roses, I am

Sincerely,

S B Hutton

President

WEST GROVE, PA

NONE FINER ANYWHERE

P.S.

You can imagine how proud we are to offer you this fall our new introduction, *White Knight*, the All-America Award Winning Hybrid Tea for 1958, and the only white Hybrid Tea Rose ever to win this honor; see cover and page 3. It's a truly great new rose which you will enjoy having. Another of our new roses, *Lavender Girl*, is most unusual, too. Read about it on page 2.

Grace Your June Garden

Here is one of the most exquisitely beautiful plants you can have in your garden. Their splendor can make the spot you give them a place to wonder at in June. And year after year, Regal Lilies grow for you in supreme beauty and grace. They're easy to plant—they're hardy, disease and insect-free—they require practically no care. Their great trumpets of bloom are delightfully fragrant, almost unbelievably so. Each golden-throated blossom, wine-stained on the outside, is a marvelous creation to excite your wonder and admiration. Our big Star bulbs produce plants that grow 4 to 6 feet tall . . . great slender plants holding their gracefully shaped trumpets high and proudly. You must plant them this fall to make next June and many a June thereafter in your garden a time to look forward to.

FALL PLANTING

We recommend fall planting of Roses: in late October for northern states, from November until the ground freezes, farther south. In fall, the earth is mellow and right for planting. Put a mound of soil up around the stems after planting and the Roses will be ready to grow when spring comes.

MAIL-ORDER shipments will be made at proper time for planting in your locality. Dormant Roses can be planted until just before the ground freezes for the winter.

NOTE: Rose plants may be picked up at the nursery AFTER NOVEMBER 1, but not before that date.

Visit Star Roses and Our Garden Marts

West Grove is on U. S. Route 1, 35 miles from Philadelphia, Pa., 14 miles from Wilmington, Del., 65 miles from Baltimore, Md. The great fields of Roses are in full bloom from July to October, and Chrysanthemums from September to freezing weather. Visitors are welcome. Also, visit our Garden Marts.

GARDEN MART NO. 1: 1 mile off Route 1 at West Grove, Pa. Open every day, 10 A.M. to 4 P.M. (In spring, from 10 A.M. to 6 P.M. or later.) Come here for Rose plants **AFTER NOVEMBER 1.**

GARDEN MART NO. 2: On Route 1, 3 miles southwest of West Grove. Open only from late spring to mid-fall. 10 A.M. to 6 P.M. daily. Come here to leave advance orders and to see the fields in bloom.

FREE PLANTING GUIDE WITH EVERY ORDER!

Our new 16-page booklet is a helpful and simple guide to Rose planting and culture—a handy and practical aid that gives the answers you're looking for. It describes and pictures the 10 easy steps to successful Rose growing, from unpacking the Roses to enjoying them in your garden. Contains information on pruning, spraying, dusting. Also gives you facts about planting and growing perennials. You will find a very helpful planting depth diagram for fall bulbs that tells you at a glance just how deep the bulb should be for best results. We have prepared this Planting Guide as a service to our customers. You will find it useful.

AARS

This mark indicates an "All-America Rose Selections" winner; the most valued award a Rose can receive in America. Standards are very high and you can trust these winners to do especially well in all respects and in all areas.

WHY IT'S BEST TO BUY DIRECT FROM THE GROWER

When you buy direct from the grower, you receive "garden fresh" plants in perfect condition and at the right time for planting. Naturally, such plants will do better for you than those which have been mishandled or have not been well cared for.

SENSATIONAL GRANDIFLORAS

★QUEEN ELIZABETH

★QUEEN ELIZABETH. (Lammerts.) Plant Pat. 1259. This clear pink sensation produces whole candelabras of blooms on 6 to 12-inch stems . . . lovely Hybrid Tea-shaped flowers growing in Floribunda profusion! This is the first Grandiflora All-America Winner, a tall (3 to 4 feet), vigorous, upright plant with wonderful cutting blossoms. Imagine the lovely, clear pink of these flowers set off by the neat, bright green foliage! You'll have such beauty in abundance with the gorgeous Queen Elizabeth. **$2.50 ea.; 3 or more, $2.20 ea.**

★CARROUSEL. Plant Pat. 1066. A perfect contrast to the other Grandiflora Roses on these pages is the beautiful dark red or garnet Carrousel. This is noted for its rich, unfading color. Growing on an upright and bushy plant which reaches 3 feet, the blossoms come abundantly—sometimes one to a stem, sometimes whole candelabras of them. Each is a 20-petaled beauty of good substance and great appeal, and has the true form and character of the Hybrid Tea Rose. Carrousel is very desirable and whether planted alone or with any of the other Grandifloras is sure to please you. **$2 ea.; 3 or more, $1.75 ea.**

★BUCCANEER. Plant Pat. 1119. This is a really BIG Rose—a back-row Rose which grows 5 feet tall. The wealth of golden blooms with their slightly sweet fragrance and happy brightness are as appealing as they can be. The long, sleek buds open to blossoms of 30 petals and cupped form. The foliage is dark green, affording a most attractive background for the flowers. You're certain to like the generous proportions of the plant and the profuse blooming quality of Buccaneer. **$2.50 ea.; 3 or more, $2.20 ea.**

Star Roses—packaged for freshness the modern way . . . in polyethylene wrapping.

★CARROUSEL

Why You'll Like Grandifloras—

A relatively new classification of Roses, the Grandiflora is a combination of the Hybrid Tea and the Floribunda. It has the Hybrid Tea form and substance, and it blooms with all the gay abandon of the Floribunda. These super Roses give you great quantities of loveliness. The four illustrated here are the finest of the Grandifloras yet developed. They're good in every way, and in your garden they'll provide an exciting new quality which will be admired by everyone who sees them. Try them this year.

STAR

A NEW KIND OF ROSE

★MONTEZUMA. Plant Pat. 1383. This magnificent Grandiflora is distinguished by a brilliant, vivid rosy salmon color that glows with beauty! Look at the beautifully formed bud and blossoms and at the superb color! Isn't Montezuma wonderful? The long, slender buds open to blooms of up to 40 petals, forming a high-centered flower. These are held on a tall-growing plant—3 to 5 feet—with several of the blossoms on each long, strong stem. You always have cutting flowers with Montezuma. One of the finest and most rewarding. **$2.75 ea.; 3 or more, $2.40 ea.**

FUSILIER

All-America Award Winner for '58

★FUSILIER. P.R.R. There is a luminescent quality in this rich orangy red Floribunda which makes the brilliant color most unusual. The flat, wavy flowers are 3 to 3½ inches across and come in heavy clusters almost constantly. A most talked-about point-of-interest is the frilled edge of the flower. The plant grows full and bushy and to medium height, with glossy, dark green leaves which are an interesting reddish color when young. This brand-new beauty makes an outstanding accent plant, with color always present. Breath-taking when in full bloom. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

GOLD CUP

All-America Award Winner for '58

★GOLD CUP. P.R.R. This is a fragrant golden yellow distinguished by an unfading quality and by very ornamental, glossy foliage. Large clusters of blooms hold themselves erect. The total effect is very pleasing, the pure yellow of the 3 to 3½-inch flowers harmonizing perfectly with the rich green leaves. The plant itself reaches 2½ feet and is never without flowers. Disease-resistant and with vigorously sprouting basal shoots, Gold Cup renews itself constantly. This new All-America Winner is a worthy and fascinating addition to the list of great Floribundas. A much-needed new yellow. **$2.50 ea.; 3 or more, $2.20 ea.; 25 or more, $2 ea.**

JEWELS OF THE ROSE WORLD

These amazing little Star Roses—genuine Miniatures—are real Roses like the big Hybrid Teas with blossoms, thorns, buds, leaves. They differ only in size. The perfect blossoms are from ¾ to 1½ inches across, and the plant grows only 6 to 12 inches tall. Star Miniatures are hardy, growing outdoors like their big sisters, and even indoors under the right conditions (see below). They bloom freely from spring to frost and are perfect for borders, edges and rock gardens. They make wonderful corsages, table decorations and flower arrangements. Choose from the list at the right. In the south, plant in fall. North of Washington, D. C., plant in spring. Perfectly winter-hardy when established. Plants ordered for outdoor planting in the northern states will be shipped at proper planting time in the spring.

GROW MINIATURE STAR ROSES INDOORS THIS WINTER!

If you have a window with a southern exposure where the sun can reach your Star Rose Miniatures 3 to 4 hours a day, you can grow these wonderful plants with great success.

With enough **sun and water,** you will have fascinating, beautiful blooms a few short weeks after planting. To help you, we have prepared a Star Rose Miniature Planting Kit which includes everything you need . . . any 3 dormant Miniature plants selected from **Baby Gold Star, Cinderella, Red Imp or Sweet Fairy** (these are the best for indoor growing), 3 pots to plant them in, 2 packages of colored pebbles, 1 can of Star Rose Grow (our special fertilizer), 1 package of especially prepared Star Rose Soil for Miniatures, and 1 plastic tray to hold it all. When you receive your Kit, place pebbles in tray and fill with water to top of pebbles. Place the Rose plants in the pots, using the special soil. Then set the pots in the tray on a sunny windowsill and keep at regular house temperature. Remember to keep the water in the tray covering the pebbles. That is all there is to it. You should have lovely blooms in 7 weeks. Feed the plants during the growing season, not at planting time.

In illustration A, you see the complete Kit; in B, the lovely result. Order your Kit by using the space provided in the Order Blank at center of Catalog. The cost is only $6.95. These Kits make thoughtful Christmas gifts. Perhaps you will want to send several to friends. These will be shipped on December 15. Other orders can be shipped from January 1 up to March 10. Positively no Miniatures will be shipped for indoor growing before December 15.

Color Galore WITH WONDERFUL

© ★CL. PEACE

Star Climbing Roses are prolific bloom producers and strong growers. Some of them described here are true Everblooming kinds with blooms on them most of the time. Others repeat their bloom during the long season. All are very versatile, giving you not only beautiful, colorful flowers but also effective screens to beautify unsightly spots. Use them against the house or garage, to trail along fences, to cling to poles or trellises. Be sure not to prune away first-year canes because they are the ones which will produce next season's flowers. Keep pruning to a minimum or to keep the canes in bounds or to remove dead wood. You'll get most bloom if you remove flower heads as they pass their peak.

★CL. PEACE. Plant Pat. 932. This is the same flower as the Hybrid Tea, but growing as a vigorous and beautiful Climber. The fast-growing canes are long and pliant. The blooms become more numerous as the plant ages. Just as wonderful a Climber as it is a Hybrid Tea. **$2.25 ea.; 3 or more, $2 ea.**

★GLADIATOR. Plant Pat. 1524. An Everblooming beauty with light red, or deep pink blossoms growing on long, strong canes. Plenty of flowers all season. Fragrant and good for cutting. This vigorous Rose with its 8 to 10-foot canes and good foliage is fine looking on trellis, fence or pillar. **$2.75 ea.; 3 for more, $2.40 ea.**

★RED EMPRESS

★ RED EMPRESS

The Great New Everblooming Climber

Plant Pat. 1573. A hardy, continuous-blooming beauty with extra-big blossoms like Hybrid Teas in the most striking red. With good form and strong fragrance, the flowers are completely delightful. The plant is a lusty grower with most attractive foliage and good growth habits. Red Empress will bloom the very first year, a feature which distinguishes this outstanding Everblooming Climber. Without question, this Rose is one of the more notable triumphs of the hybridizer, Charles Mallerin, whose list of great Roses is long. Give it a try this fall and be rewarded next spring. **$2.50 ea.; 3 or more, $2.20 ea.**

★ GOLDEN SHOWERS

The All-America Winner for 1957

Plant Pat. 1557. This is the first Climbing Rose to take this top honor in many years, which speaks for its quality. Golden Showers is strong enough to stand alone as a shrub, a unique feature. It blooms all season long in splendid profusion, its exquisitely formed, daffodil-yellow blooms always and beautifully in evidence. The flowers are really big, often 5 inches across, and you can imagine the impression they give in the mass and in individual flowers or bouquets. Golden Showers grows vigorously, sending up 8-foot canes in a season and providing a fine sight, indeed, with its large, leathery, glossy green foliage and bright blossoms. Whether you use Golden Showers as a specimen shrub standing alone, or as a pillar, or to decorate a trellis, fence or building, you will have the sensation of the neighborhood, for it will be the brightest, gayest, most cheerful plant anywhere around! **$2.75 ea.; 3 or more, $2.40 ea.**

★CL. CRIMSON GLORY. Plant Pat. 736. Here again is a beautiful Hybrid Tea Rose growing as a Climber . . . one of the most popular ever. Rich, fragrant, deep crimson blooms come in bountiful splendor, set off perfectly by lovely foliage. Look at the perfect form of the flowers, and the size! Then imagine yourself picking them for the house, for you will do just that with this completely charming deep red climber. **$2.50 ea.; 3 or more, $2.20 ea.**

★CL. GOLDILOCKS. Plant Pat. 1090. An outstanding yellow Climbing Rose with flowers like the bush Rose. Pure golden flowers come in splashy style, affording for all to see a magnificent display of brightness. The 3-inch, double blooms come continuously. **$2.50 ea.; 3 or more, $2.20 ea.**

★CL. MRS. PIERRE S. DU PONT. A lovely, fragrant, double Rose like the Hybrid Tea. The flowers shine with golden yellow and open from well-formed buds. This is an excellent bloomer and a vigorous plant that delivers plenty of color. This is one of the most popular of the older Climbers, a reliable Rose that will do well for you. **$1.50 ea.; 3 or more, $1.30 ea.**

★CL. TALISMAN. An orange, yellow and red combination with a famous name as a Hybrid Tea. The same beautiful blossoms are yours as a Climber. They're fragrant and completely pleasing. This is a Rose with great appeal over the years . . . an old favorite with plenty to recommend it today. **$1.50 ea.; 3 or more, $1.30 ea.**

★CORAL DAWN. Plant Pat. 1117. The unusual color of this beauty is rare in a Climbing Rose . . . a deep coral-pink. The dainty, pointed buds open to long-lasting, graceful blooms 4½ inches in width. Coming in clusters of 3 to 20, they afford a most beautiful sight. You can imagine how lovely the total effect is with the backdrop of lustrous green foliage. This is a superior Everblooming Climbing Rose with remarkable coloring—a sparkling kind of beauty that's bound to arouse excited admiration. Coral Dawn will do well anywhere you put it and will look good on pole, fence or against any background. Should be considered for an honored spot in your garden. **$2.50 ea.; 3 or more, $2.20 ea.**

★NEW DAWN

★DOUBLOONS

★**DR. J. H. NICOLAS.** Plant Pat. 457. Long-stemmed, rose-pink blooms of 50 petals come freely and repeat during the season. A very showy Climber that's beautiful and fragrant. This one has long been a favorite, and there's no better time than now to enjoy it yourself. **$2 ea.; 3 or more, $1.75 ea.**

★**MORNING DAWN.** Plant Pat. 1447. A new Everblooming Climber with soft pink flowers and a nice, spicy Old-Rose scent. The 5-inch blooms come on stems long enough for cutting. You always have blooms of this lovely Rose. The foliage is a rich green—stunning with the pink flowers. **$2.50 ea.; 3 or more, $2.20 ea.**

★**PAUL'S SCARLET.** Famous for brilliant, unfading scarlet blooms that come in clusters. This old Climbing Rose makes the most vivid show in June, with masses of flowers whose color is breath-taking. A favorite over the years because it has plenty of quality. **$1.50 ea.; 3 or more, $1.30 ea.**

★**SPECTACULAR.** Plant Pat. 1416. A blazing orange-red open bloom coming from scarlet buds. They cluster 3 or 4 to a stem, each a splendid blossom against the glossy green leaves. Blooms all summer long on 10-foot canes. This is a new Climber —a truly spectacular plant. **$2.50 ea.; 3 or more, $2.20 ea.**

★**WHITE DAWN.** A large-flowered white that's hardy and best of its kind. Grows strong and vigorously, is healthy and gives you plenty of bloom. It's another favorite whose luster does not dim. Excellent in every way. **$1.75 ea.; 3 or more, $1.55 ea.**

★**NEW DAWN.** (Everblooming Dr. Van Fleet). Blush-pink flowers (see picture) in June, repeated freely until frost, come on long, 12 to 15-foot canes. Delicious perfume adds to its charm. Good cutting flowers. A very hardy, sturdy, vigorous plant that's as dependable as the day is long. **$1.75 ea.; 3 or more, $1.55 ea.**

★**DOUBLOONS.** As its name implies, here is a golden flower made up of buff-yellow flushed with apricot—a rich color. Big, firm flowers come from shapely buds. This one is an early bloomer. 10 to 12-foot canes. Pleasing fragrance. Very worthwhile. **$2 ea.; 3 or more, $1.75 ea.**

★**BLAZE.** One of the most famous of the repeat-blooming Climbers, giving you in June one of the most exciting masses of scarlet flowers imaginable, and repeating in fall. This is a good, hardy Rose and the plant is as vigorous and handsome as one could wish for. The picture below speaks volumes. **$1.50 ea.; 3 or more, $1.30 ea.**

Say "MERRY CHRISTMAS" to your friends this year with a gift of Star ★ Roses

More and more thoughtful people are turning to Star Roses each year for help in solving Christmas gift problems. Perhaps we can help **you** care for this important matter. The easy Star Rose way works simply. Just choose the Rose bush or collection of Roses that you wish to send as a Christmas gift. As a token of that gift, we will send at Christmastime a real, living Rosebud in a vial of water—just like the one pictured here; and with it, a Christmas card announcement from you informing the recipient that in the spring, at just the right time for planting, he will receive the Roses you ordered for him. The Rosebud and card are sent direct in time for Christmas; the bushes are sent later at the proper time. Rosebuds cannot be sent with orders which are not Christmas gifts.

Send your gift orders to us early. We must have them before December 10 if we are to send a Rosebud token gift.

If you should not wish to choose the Roses yourself, and wish to let the recipient pick his own varieties, you can order gift certificates ($2.50 or $5 units in any total amount) and we will send your friends our spring catalog to choose from. Either way you give Roses is the right way, for

THE MAGNIFICENT

Love Song

★**LOVE SONG.** H.T. (Fisher.) Plant Pat. 1360. This is one of the great newer Star Roses (introduced last year)—a Rose which had such a tremendous popular reception that thousands of people were not able to get one. We now have a new crop, so if you missed out, here's your chance. Love Song is a wonderful watermelon-pink bicolor with yellow reverse. It is big (as many as 100 petals have been counted on a single bloom) and well formed, and, of course, absolutely magnificent. Its smooth, soft yellows and luminescent pinks are an exquisite combination in beauty. The handsome plant is upright and vigorous, featuring deep green, waxy leaves. Love Song is a free-blooming Rose, too, and each great flower is delightfully fragrant. Be sure to own a Love Song or two for rare Rose beauty. Order soon. **$2.50 ea.; 3 or more, $2.20 ea.**
